

THE VINEYARD Replanted in 2006, Wohler Vineyard in Forestville sits in the heart of the famed Russian River Valley, within sight of the Russian River and the historic Wohler Bridge. The combination of climate and Goldridge Series soils provides an environment well suited for growing ultra-premium Pinot Noir. We source grapes from three distinct blocks within the vineyard. Our blocks of clones 667 and 828 sit at the highest elevation and are the best-draining blocks on the property. The Wädenswil 2A clone is planted in cooler, lower spots within the vineyard where the soils contain more clay. Each block offers unique characteristics and an array of blending options with each vintage.

WINEMAKER NOTES A warm 2022 summer brought one of the earliest harvests on record in the Sonoma Coast, with a September heat wave influencing some picking decisions. Cooler pockets of the Sonoma Coast fared well through the heat and the resulting wines offer depth and finesse. Yields were miniscule, with many vineyards breaking records on the low side for cluster weights. The resulting wines have concentrated flavors with tension and length. In 2022 we harvested Wohler Vineyard in multiple passes, fermenting each block separately. We also co-fermented small portions of the steepest ends of the clone 828 and 667 blocks. This lot formed the foundation of the 2022 blend. Clones 667 and 828 provided rich fruit and density while the Wädenswil 2A component added earthy notes and structure.
